

# Joe Hunt & Associates, LLC Services to Natural Gas Producers & Mid-Stream Companies

## LAND SURVEYING

Our team of land surveyors have the latest technology, communication devices and connectivity to send and receive data from the field to the office, eliminating delays and enhancing turn-around time.

## ENGINEERING

Our design team has the experience, skill and knowledgeability to assist you with the simplest to the most complex projects.

## REGULATORY COMPLIANCE

We have the experience and proven track record with Regulatory Agencies to take you seamlessly through the permitting process.

## CONTACT US

For more information on any of our services, please visit us at our website at: [www.jha-llc.com](http://www.jha-llc.com) or call us at (570) 465-4600.

At Joe Hunt & Associates, LLC, we put our values and clients first. If you're looking for a consultant who will go that extra mile as part of the job, you've come to the right place.

If you are investing in the Marcellus Shale, we are your dependable, local point of contact.

Our management team is rooted in the area and understands the local challenges and procedures associated with the Marcellus Shale region.

We have the knowledge and experience you need, without the corporate politics.
